Our Story

SINCE 1978 CIRILLO LIGHTING AND CERAMICS HAS EVOLVED AND BECOME A PLACE YOU COME TO WHEN YOU WANT TO CREATE SOMETHING UNIQUE. OUR TEAM IS PASSIONATE ABOUT HIGH QUALITY PRODUCTS AND BEAUTIFUL DESIGN, AND WE WORK WITH OUR CUSTOMERS TO SELECT EXCELLENT TILES, LIGHTS, BATHROOM WARE AND KITCHEN APPLIANCES.

Our humble beginnings were built on this simple premise:

“The bitterness of poor quality remains long after the sweetness of low price is forgotten”
– Benjamin Franklin.

We still live by this, and we have worked hard for almost four decades towards a vision that is grounded on our strong family values. Our growth and success meant that we had the privilege of being involved with supplying products for the development of the Canberra International Airport, embassies, hotels and Parliament House.

We have a vision to create innovation in the building and renovations industry. We find it disappointing to see subpar projects be completed due to low quality building and design materials, so we provide an alternative. Our advisory service is clear, straightforward and honest, while our products are high-end and high quality without the overly exorbitant prices. We simply seek out to deliver amazing tiles and lights that create beautiful spaces.

OUR POINT OF DIFFERENCE

EXCLUSIVE SERVICE - A CUT ABOVE THE REST

We supply tiles, lights, bathroom ware and kitchen appliances to individuals and construction companies throughout Australia. Our commitment to quality is what makes us stand out from the rest by offering both a retail and commercial service.

RETAIL

- Product supply through our retail outlets (Floor and wall tiles, interior and exterior lighting, bathroom ware, tap ware, kitchen appliances and door furniture)

- Interior Design service to develop the design style to suit your tastes

- Project Management of Home Renovations – Design and project manage the renovations of bathrooms, kitchens, laundries and other living spaces of the home.

COMMERCIAL

- Project product specifications and estimating
- Supply and installation of floor and wall tiles to medium to high density residential apartments and homes

- Supply and installation of floor and wall tiles to commercial office, shop fronts, clubs, bars, embassies hotels and airports.

- Large scale volume supply of lighting, tiles, bathroom ware, kitchen appliances and door furniture for large scale retail/residential and commercial projects.

TILES

Our range of tiles allows you to create the space that you have always envisioned. Whether it is a classic, elegant or traditional tiled space or something modern and on trend, we have a large selection. This includes natural stone such as marble, travertine, bluestone, granite and limestone. As well as a large range of quality ceramic, porcelain, mosaic and glass tiles.

FABRIC INSPIRED

This tile collection is inspired by fabric in its broadest sense of fabric as weaving. Different yet complementary patterns that convey a single concept. Fabric is the physical archetype of union, the perfect and repeated interweaving of warp and weft, the spatial coordinates upon which the Cartesian geometric system is based.

Available in a range of sizes and colours

TILES

Geometry is the other guiding concept of this collection. Through the cuts and partitions made directly on the ceramic surface, the geometrical combinations becomes almost infinite.

This includes natural stone such as marble, travertine, bluestone, granite and limestone. As well as a large range of quality ceramic, porcelain, mosaic and glass tiles.

LUXE

This prestigious tile collection is the new classic. Stone materials are back in the spotlight once again where inspiration is drawn from top-class natural marble from the most renowned quarries in Italy and Europe whose typical nuances of colour and original veining patterns – sometimes delicate, others more marked – are enhanced by the lapping that gives a beautifully polished finish.

Available in a range of sizes and colours

TILES

The collection is thus the expression of classic style given an elegant modern twist thanks also to the large 75x150 size, which when laid feels as though a large marble slab has been laid.

This includes natural stone such as marble, travertine, bluestone, granite and limestone. As well as a large range of quality ceramic, porcelain, mosaic and glass tiles.

PATTERN

The concept behind this tile is to conceive and design an element that is repeated all over. The pattern, forming traces that wind around each other, marking patterns that are alternatively regular and complex, able to evoke a sense of depth, creating authentic three dimensional graphic labyrinths.

Available in a range of sizes

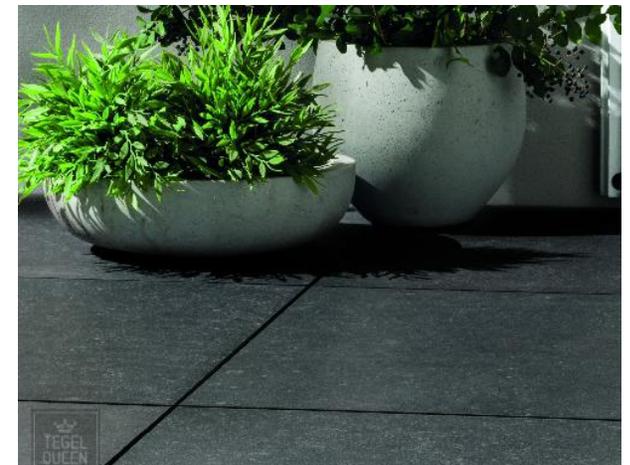

TILES

OUTDOORS

A 20mm thick porcelain stoneware tile suitable for outdoor floors. The 20mm thick tiles guarantee a high resistance to loads and stresses and is perfect for residential and commercial outdoor flooring. Resistant to frost, chemicals and harsh weather conditions, it is the ideal choice for residential or commercial applications out of doors.

TILES

THE TRAVELLER

This tile is inspired by the port of Genoa, Italy. With the texture and colour drawn from metal movable bridges and platforms, aged and rusted by salt and time. The collection translates architectural elements of the past into ceramics, enclosing within itself the allure of adventure and the long journeys of past centuries.

Available in a range of sizes

TILES

STONE LOOK

Tiles inspired by ancient stone recovered from the original floors of age-old villas in the French countryside. The appearance of the natural material was faithfully reproduced maintaining the markings, textures and nuances created by wear and time, giving the surfaces a traditional yet modern appearance.
